2005 KSC TELEPHONE BOOK RECYCLING PROGRAM: The new Talking Phone Books and the BellSouth Telephone Books are expected to be distributed throughout Brevard County by the end March through mid-April. We are encouraging all employees at KSC to recycle their old phone books. From April 4 through April 15 you will have the opportunity to participate in the center-wide telephone book recycling program by placing your telephone books in the outgoing mailboxes within your office; they will be picked up by the mail carriers. There will be two bulk collection dumpsters designated for recycling your telephone books, a dumpster will be located at the southeast end of the Headquarters Building and the other dumpster will be located at the southwest end of the OSB Building. If you have more books than your outgoing mailbox can hold, please place them in a neat stack on the floor, table or desk next to the mailbox. Please do not put the telephone books in the trash, Recycle them!

Can the KSC telephone books be recycled?

Sure, start by removing all colored pages and the front and back covers of the book. Place all white pages in the sensitive materials recycling container located throughout your facilities and place the colored pages in your mixed office paper recycling containers.

Recycling telephone books into new ones help save precious resources. Help us keep this valuable material out of our landfill! The participation of all employees at KSC is greatly appreciated. For Brevard County residents wishing to recycle their telephone books at home, please use your existing curbside recycling program or take your old phone books to the nearest drop-off location throughout the county.

Should you have any other questions about recycling your old BellSouth phone books, please contact Alice Smith at 867-8454.

The upcoming exhibition, "Colors of Nature, Merritt Island National Wildlife Refuge", showcases works in oils, acrylics, watercolors, and pastels, painted on site within the refuge. [COLORS OF NATURE, MERRITT ISLAND NATIONAL WILDLIFE REFUGE:](#) (Continued)

For three months members of Central Florida Plein Air Artists have been recording the wonders of the refuge. The artists have interacted with the environment in all weather conditions to capture the constantly changing light and shadows, colors, cloud formations, birds and wildlife, vistas and waterways. From sunrise to sunset the public has had an opportunity to view the artists at work. Now these paintings will be on display at the Visitors Center.

CFPAA is dedicated to presenting and recording, through their paintings, Florida's fast disappearing natural environment. The artists meet at least once a week to paint in various locations throughout Central Florida. The artists also join other plein air painters in Florida and across the nation whenever possible. Artists are welcome to join in these paintouts.
